Bridgescape administrators will continue to monitor the development of COVID-19 in partnership with local, state and federal health and government officials. We will continue to reach out to all families weekly with updates and information via phone and text. Anticipate communication from your student advisors as they may also communicate updates with you, as appropriate. Lastly, please regularly check the school's Facebook and Instagram pages as well as our website: www.rtsaohio.com for regular updates.

Thank you for your patience and attention to these matters.
